CDP has arranged with a retired state senator a possible consulting contract to promote the loyalty to early reading program in Dakota County, Olmstead County and the metro area. The money would be designated to getting the word out about the easy delivery of early reading skills to effective citizens. AND! How this activity is all about character education and development.

The cost of the first pass at this effort is \$5,000 per month for a 2 day a week of effort. 6 months is required to start. It would then break to assess the next steps

The funding of this through CDP would be 100% designated to this program.

Call or Email Tom Wolfgram to review this contract.
