Each K-3 classroom in West St. Paul should be gifted Give-it-Forward Materials at the cost of \$200 per classroom. This is character education material with a concentration on honesty, friendship and opportunity. Additionally each classroom should be given age 3-5 Language Translation Puzzle Stickers for outreach to the homes so that moms are alerted to the most important character trait of being ready to read to start kindergarten. This package costs \$50 for each classroom.

Call Tom Wolfgram, and he can provide an estimate for each school.

One half the teachers should also be given the classroom fundraising kits so that several of the parents in the classroom can make certain these materials can be used to start the following year with this positive messaging. The kits cost \$17.50.
