I wish to distribute free one age 3-6 Language Translation Puzzle Sticker to each apartment in the local area of 375 Marie Ave East. West St. Paul 55118. This would cost roughly \$1,400 for the material and \$120 dollars for the delivery by a local youth service organization.

This is character education material with a concentration on age 3-5 honesty, friendship and opportunity. Moms are alerted (with the flyer attached) to the most important character trait of being ready to read to start kindergarten.

Call Tom Wolfgram, and he can provide an estimate for each block – apartment complex.

It may be possible to do this in connection with the Garlough Community Action Group.
