**Supplement the age 3 to age 6 High Quality Preschool Education of a child at-risk. The mentor on these payments is Julie Wolfgram the school administrator.**

A parent asked for a supplement so his child could start in the school before the county approved his funding. The parent agreed to pursue funding at the county until it was secured. The supplement is \$50 per week starting September 5, 2007. It could be several months. The cost of the school for a part-time toddler position is \$150 with the parent paying \$100 per week.

Dad and I agreed in this case to be certain the child would be at least ready to read, counting to 100 and understand the messages of honesty, friendship and opportunity when he starts kindergarten.

**Montessori education delivers so much more than this but it at least delivers this to the child, parents and the elementary school.**

The Donor is to make the donation on a WHAT IF BASIS:

WHAT IF CONDITIONS ARE USED TO PROTECT THE DONORS ABILITY TO BE CERTAIN THE WHOLE GIFT IS USED BY THE PARENT.

Payments are made by the donor to the school in advance quarterly based on the family commitment to fully attend and pay in advance weekly. There is a quarterly financial checkup reported to the donor designed to trigger the next quarters advance.

MANY PARENTS WHO HAVE SOLID HOUSEHOLD INCOMES GIVE UP ON FINDING AFFORDABLE HIGH QUALITY PRESCHOOL EDUCATION AND SETTLE FOR LESS.
